Industrial Visit Report

Title: Industrial Visit

Date(s): 14th February , 2019- 01.00PM – 04.00PM

Industry Visited: Kondavagu Lift irrigation Vijayawada

Participant's:

II Year II Semester 60 students and Two faculty members

Description about the Visit:

II Year II Semester visited The Kondavagu Lift irrigation, Vijayawada as part their academic activity. Real time field visit will enhance the student's exposure to practical knowledge

The present visit helped the students to know about the lift irrigation . For years, Kondaveeti Vagu, a stream from the Kondaveedu Hill Range, has created havoc submerging standing crops in the Tadikonda and Mangalagiri mandals upstream the Prakasam barrage.

Report Submitted by: Mr. N. Lenin Reddy , Mr. G. Amar , Mrs. A. Tejaswi

Designation(s): Associate Professor , Assistant Professor, Assistant Professor

Department: Department of Civil Engineering
