Course content and Quiz through MOODLE

The screenshot shows a web browser window displaying a Moodle course page. The browser's address bar shows the URL <https://alietcse.gnomio.com/course/view.php?id=84>. The page header includes the institution's name, "Andhra Loyola Institute of Engineering and Technology, Vijayawada", and a note about guest access. The main heading of the course is "Virtualization using vsphere 6.0". A breadcrumb trail indicates the path: Home > Courses > Certifications > 111_6.0. Below the heading, there is a donation prompt: "Switch off the advertising on this site for [Select the amount you wish to donate:] [Donate]". On the left, a navigation menu lists "Home", "Site pages", "Courses", and "Certifications" with "111_6.0" expanded to show sub-items like "Participants", "General", "Module_1", "Introduction to Data Center", "Module_2", "Introduction to Virtualization", "Module_3", "Hypervisor Type 2", "Module_4", and "Hypervisor Type 1". The main content area contains "Announcements", a folder for "VMWARE INTRODUCTION TO VIRTUALIZATION 2018-19 mtrl", and a document titled "TEST on Virtualization". A section titled "Module_1 Introduction to Data Center" is highlighted, with instructions: "Clicking on the section name will show / hide the section." Below this, there is a document icon and the text "Notes Introduction to data center". On the right, a "CALENDAR" widget shows "August 2019" with a grid of dates. Below the calendar are options to "Hide global events", "Hide category events", "Hide course events", "Hide group events", and "Hide user events". At the bottom right, there is a "SEARCH FORUMS" widget. The Windows taskbar at the bottom shows various application icons and the system clock displaying "11:52 29/08/2019".
